

BILL OCHOA HUMANITARIAN AWARD

Bill Ochoa

Bill and his wife Margaret Started Ochoa for Hair and Ochoa Day Spa back in 1985. They were able to create a tremendously successful business by making each customer and staff member feel special.

Bill had the special talent of making whoever he wanted feel like the most important person in the room. He used his success in business to fuel his passion in life, making others feel special.

Bill's dream was to open a location in Las Vegas. In addition to his dedication to his family, employees and customers, he contributed his time and money to numerous charities.

In his memory the Las Vega Spa Association is proud to name one special member each year as the winner of Bill Ochoa Humanitarian Award.
